Our adoption fee is \$152. We accept cash, check or credit/debit cards for adoption fees. If you are paying with a credit or debit card, a convenience fee of 2.39% will also be applied. If paying by check, you will need two. One check will be for the Columbiana County dog license, and one will be for your dog's adoption fee, which includes a parvo/distemper vaccine, rabies vaccine, Bordetella vaccine, and 3 days of Panacur de-wormer, spay or neuter surgery and microchip. Our adoption fee is non-negotiable. We do not subtract anything from the adoption fee or what is included in the fee.

We DO offer foster to adopt. (We will NOT accept cash for foster to adopt). We highly recommend you do a foster to adopt with your new dog if you are not 100% sure your new dog is going to work out in your home. Foster to adopt gives you a couple of weeks with the dog to make sure they are a good fit with your family before your payment is processed and the adoption is finalized. Once your adoption fee is processed, your adoption fee is non-refundable, unless your dog should incur any unforeseen complications during spay/neuter surgery.

Dogs are pack members and thrive on spending time with their "pack", therefore, we require ALL dogs adopted from us to be HOUSE DOGS, to allow them to become happy family members. If we discover any dog adopted from us is living outside, we will seize them immediately. Your adoption fee will be non-refundable, and you will not get the dog back. You will forfeit all rights and ownership of your dog immediately. We require that if you are unable to keep your adopted dog for any reason, they must be returned to us.
